STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State	WASHINGTON	

Washington State administered a Presumptive SSI program (PSSI) until January 1, 2014. PSSI benefits included expedited Medicaid coverage and a state-funded cash benefit under the Aged Blind or Disabled (ABD) program for qualifying adults.

As of January 1, 2014, these individuals receive their health care coverage as part of the newly Medicaideligible group (Group VIII). In the Automated Client Eligibility System (ACES), they are enrolled in the N05 coverage group for newly eligibles, but in the ProviderOne (P1) payment system, they are identified by the Recipient Assistance Code (RAC) of '1217'. This identification ensures claiming at the applicable Expansion State Federal Medicaid Assistance Percentage (ESFMAP) rate.

The addition of RAC 1217 to P1 in February 2015 automates the process of identifying newly eligibles who are concurrently receiving ABD cash and the process for claiming the applicable ESFMAP for this group. For claims paid for services prior to that time, however, a manual process will continue for as long as necessary to ensure claiming at the correct rate. That process consists of matching the client IDs of those receiving ABD cash who at the same time were approved for services under RAC 1201. RAC 1201 continues to be used for all newly eligibles, but is no longer used for those receiving the ABD cash benefit.
