RE: Washington State Plan Amendment (SPA) Transmittal Number 16-0019.

Dear Ms. Teeter and Ms. Lindeblad:

The Centers for Medicare & Medicaid Services (CMS) has completed its review of State Plan Amendment (SPA) Transmittal Number WA 16-0019. This SPA updated the methodology for determining payment rates for skilled nursing services provided in a home setting, and updated the fee schedules for private duty nursing, physical therapy, occupational and speech therapy services.

This SPA is approved with an effective date of July 1, 2016.

If you have any additional questions or require any further assistance, please contact me, or have your staff contact James Moreth at James.Moreth@cms.hhs.gov or (360) 943-0469.

Sincerely,

David L. Meacham
Associate Regional Administrator

IX. Other Noninstitutional Services

A. Home Health

1. Home Health Agencies are reimbursed per-visit for services provided by acute nursing staff, physical therapy, occupational therapy, speech, hearing and language disorders therapy staff, and home health aides.

Reimbursement rates are determined using a historical base for the per-visit rates by profession, using the Medicare Metropolitan Statistical Area fees. Rate changes made through the Vendor Rate Increase (VRI) may be made only through the legislative process. Selected rates may also be adjusted through a special appropriation directed by the Washington State Legislature. The agency may set rates outside of the legislative process if the agency determines such actions are necessary to maintain access to critical services. The Washington State Legislature approved a $10.00 per hour rate increase for skilled nursing services provided in a home setting, effective for services provided on and after July 1, 2016.

The agency pays the lesser of the usual and customary charge or a fee based on an agency fee schedule for these services.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services. The fee schedule is effective for services provided on and after July 1, 2016. See 4.19-B, I, General, #G for the agency’s website where the fee schedules are published.

2. Other Supplies and Services used in the home and other setting

The agency’s reimbursement rates include:

   a) Any adjustments or modifications to the equipment that are either required within three months of the delivery date, or are covered under the manufacturer’s warranty
   b) Pick-up, delivery, or associated costs such as mileage, travel time, or gas
   c) Telephone calls
   d) Shipping, handling, and postage
   e) Fitting and setting up
   f) Maintenance of rented equipment
   g) Instructions to the client or client’s caregiver about the safe and proper use of the equipment and supplies

The equipment, supplies, and services for parenteral nutrition, home infusion therapy, oxygen, and respiratory care are reimbursed using the CMS DMEPOS Fee Schedule less a specified percentage. In April 2012, this specific percentage reduction was established at 3.5 percent as a result of a negotiated agreement with providers. For those items and services that are not listed on CMS DMEPOS Fee Schedule, the agency uses flat fee (based upon market value, other state’s fees, budget impacts, etc.) or by-report methodology (based on a percentage of billed charges).

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services and supplies. See 4.19-B, I, General, #G for the agency’s website where the fee schedules are published.

IX. Other Noninstitutional Services (cont.)

I. Private Duty Nursing Services

Private duty nursing services consist of four or more hours of continuous skilled nursing services provided in the home to eligible clients who are 17 years of age or younger with complex medical needs that cannot be managed within the scope of intermittent home health services. The agency will authorize private duty nursing services up to a maximum of 16 hours per day, restricted to the least costly, equally effective amount of care. Nursing rates for services provided in the home setting are flat rates and based on comparable nursing rates.

Rate changes made through the Vendor Rate Increase (VRI) may be made only through the legislative process. Selected rate changes may also be adjusted through a special appropriation directed by the Washington State Legislature. The agency may set rates outside of the legislative process if the agency determines such actions are necessary to maintain access to critical services. The Washington State Legislature approved a $10.00 per hour rate increase for skilled nursing services provided in a home setting, effective for services provided on and after July 1, 2016.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services. The fee schedule is effective for dates of service on and after July 1, 2016. See 4.19-B, I, General, #G for the agency’s website where the fee schedules are published.

J. Physical therapy, occupational therapy, and services for Individuals with speech, hearing and language disorders

The agency does not pay separately for therapy services that are included as part of payment for other treatments or programs.

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services. The fee schedule is effective for dates of service on and after July 1, 2016. See 4.19-B, I, General, #G for the agency’s website where the fee schedules are published.

IX. Other Noninstitutional Services (cont.)

K. Hearing Hardware

Payment for purchased hearing aids includes all of the following: a prefitting evaluation; an ear mold; and a minimum of three post-fitting consultations.

The agency sets rate for hearing hardware using CMS DMEPOS Fee Schedule less a specified percentage. In April 2012, this specific percentage reduction was established at 3.5 percent as a result of a negotiated agreement with providers. For those items and services not listed on CMS DMEPOS Fee Schedule, the Medicaid agency uses flat fee (based upon market value, other state’s fees, budget impacts, etc.) or by-report methodology (based on a percentage of billed charges).

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services. See 4.19-B, I, General, #G for the agency’s website where the fee schedules are published.

L. Prosthetics and Orthotics

The agency does not pay provider separately for services in this category that are included as part of the payment for another treatment program. For example, all items required during an inpatient stay are paid through the inpatient method.

Prosthetics and orthotics are reimbursed using CMS DMEPOS Fee Schedule less a specified percentage. In April 2012, this specific percentage reduction was established at 3.5 percent as a result of a negotiated agreement with providers. For those items and services not listed on CMS DMEPOS Fee Schedule, the agency uses flat fee (based upon market value, other state’s fees, budget impacts, etc.) or by-report methodology (based on a percentage of billed charges).

Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of these services. See 4.19-B, I, General, #G for the agency’s website where the fee schedules are published.
