---

**POLICY AND METHODS USED IN ESTABLISHING PAYMENT RATES FOR EACH OF THE OTHER TYPES OF CARE OR SERVICE LISTED IN SECTION 1905 (A) OF THE ACT THAT IS INCLUDED IN THE PROGRAM UNDER THE PLAN (cont.)**

VI. Dental Services and Dentures

- A. The Medicaid agency pays directly to the specific provider the lesser of the usual and customary charge or a fee based on an agency fee schedule for dentures and dental services that are provided within their specific scope of practice by dentists, dental hygienists, and denturists throughout the state. There are no geographical or other variations in the fee schedule.
- B. The usual and customary charge is defined as that fee usually charged for a given service by an individual dentist, dental hygienist, or denturist to private patients (e.g., that provider's usual fee) and which fee is within the range of usual fees charged by dentists, dental hygienists, or denturists of similar training and experience.
- C. Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of dentures, dental services and dental hygiene.

See 4.19-B I, General, #G for the agency's website where the fee schedules are published.

The agency's fee schedule rate was set as of April 1, 2018, and is effective for services provided on or after that date.

- D. Under the Oral Health Connections pilot program, eligible dental providers are paid an enhanced rate to provide up to three additional periodontal treatments (for a total of four) per calendar year to adult Medicaid clients who have diabetes or who are pregnant.
