A. Description of the Organization and Functions of the Single State Agency

   a. A stand-alone agency, separate from every other state agency
   b. Also the Title IV-A (TANF) agency
   c. Also the state health department
   d. Other:

2. The main functions of the Medicaid agency and where these functions are located within the agency are described below. This description should be consistent with the accompanying organizational chart attachment. (If the function is not performed by the Medicaid agency, indicate in the description which other agency performs the function.)

   a. Eligibility Determinations
   The Health Care Authority (HCA) is designated as the single state agency and has final authority for eligibility determinations. According to Washington State law and as permitted by Medicaid law, HCA & the Department of Social and Health Services (DSHS - the Title IV-A Agency) have established an agreement regarding the provision of certain eligibility determinations for non-MAGI Medicaid programs. This agreement defines the responsibilities of HCA as the administrator of the Medicaid State Plan, and DSHS as the representative of the agency's interest along with HCA, for the Medicaid program. HCA oversees & monitors the program functions delegated to DSHS.

   In HCA, the Medicaid Eligibility Determination Services (MEDS) section in the Medicaid Eligibility and Community Support (MECS) division is responsible for completing MAGI-based eligibility & post-enrollment determination for children & adults in Apple Health (including Alien Emergency Medical services for those eligible for Medicaid but for their immigration & citizenship status, under MAGI-based income methodology), Breast & Cervical Cancer Treatment Program, & family planning programs. The Office of Medicaid Eligibility & Policy (OMEP) in MECS develops Apple Health/Apple Health for Kids eligibility rules & policy, ensures eligibility systems support & enrolls foster care & adoption support children into Medicaid when DSHS has determined they are eligible.

   Per agreement, HCA delegates to DSHS the management of non-MAGI-based eligibility determinations for the following programs: SSI & SSI-related programs for the aged, blind and disabled eligibility groups; Alien Emergency Medical services for those eligible for Medicaid but for their immigration & citizenship status, under non-MAGI-based income methodology; the Medicare Savings program; & long-term care programs.

   b. Fair Hearings (including expedited fair hearings)
   The Office of Legal Affairs (OLA), an office in the Division of Legal Services (DLS), provides legally trained staff to represent HCA in administrative hearings regarding denials of services (medical/dental/transportation/equipment) and provider overpayments, before the state Office of Administrative Hearings (OAH) and the Board of Appeals (BOA), which is a separate office in DLS. The Medicaid Eligibility Determination Services (MEDS) section in the Medicaid Eligibility & Community Support (MECS) division represents HCA in administrative hearings regarding eligibility for MAGI-based program eligibility (adult/children/family/Alien Emergency Medical), as well as eligibility for the Breast & Cervical Cancer Treatment Program, & family planning programs.

   HCA has delegated to DSHS the function of representing the Medicaid agency at administrative hearings (including expedited hearings) regarding decisions made by DSHS related to non-MAGI eligibility determinations.

   An individual can request de novo review of any decision (i.e., benefits & services, non-MAGI or MAGI-based eligibility determinations) by the HCA BOA, which is a separate office in DLS, not associated with any other office in DLS.
