RE: Washington State Plan Amendment (SPA) Transmittal Number WA-19-0010

Dear Ms. Birch and Ms. Lindeblad:

The Centers for Medicare & Medicaid Services (CMS) has completed its review of the enclosed State Plan Amendment (SPA), Transmittal Number WA-19-0010. This SPA simplifies and streamlines the dental services section of the Medicaid State plan.

This SPA is approved effective July 1, 2019. Enclosed is a copy of the CMS-179 summary form, as well as the approved pages for incorporation into the Washington State Plan.

If there are any questions concerning this approval, please contact me or your staff may contact Tom Couch at Thomas.Couch@cms.hhs.gov or 208-861-9838.

Sincerely,

Deputy Director

23. REMARKS:
10. Dental services and dentures

The Medicaid Agency covers the services listed below for eligible clients as indicated. Some of these services may require prior authorization. Limitations do not apply for children age 20 and under for EPSDT purposes and may be exceeded based on documented medical necessity with prior authorization. Beneficiaries who have a developmental disability, identified with an indicator provided by the Developmental Disabilities Administration (DDA), or clients who reside in a skilled nursing facility (SNF) or alternative living facility (ALF) qualify for services that may exceed service limitations.

When medically necessary, dental services may be provided in ambulatory surgery centers, inpatient settings, and outpatient settings, including emergency departments.

I. For clients age 21 and over

A. Diagnostic
   - Biopsy
   - Examinations
   - Pulp vitality test
   - Radiographs (x-rays)
B. Preventive care
   - Behavior management (only for adults identified by DDA)
   - Fluoride
   - Prophylaxis
   - Sealants (only for adults identified by DDA)
C. Treatment
   - Aveoloplasty
   - Endodontic treatment for permanent anterior teeth
   - Extractions/oral surgery
   - Periodontic therapy
   - Resin and amalgam restorations
   - Non-emergency oral surgeries performed in an inpatient setting are not covered. The exception is for clients of DDA whose surgery cannot be performed in an office setting. Documentation must be maintained in the client’s record.

D. Prosthodontics
   - Complete and overdentures
   - Denture repair, rebase, or reline
   - Resin partial dentures
E. Sedation
   - Nitrous oxide
   - General sedation for adults identified by DDA
   - Conscious sedation for adults identified by DDA
   - Office-based/mobile anesthesia for adults identified by DDA
F. Teledentistry
10. Dental services and dentures (cont)

II. For clients age 20 and under

A. Diagnostic
   - Biopsy
   - Examinations
   - Pulp vitality test
   - Radiographs (x-rays)

B. Preventive care
   - Behavior management
   - Fluoride
   - Oral hygiene instruction
   - Prophylaxis
   - Sealants
   - Space maintenance

C. Treatment
   - Amalgam and composite restorations
   - Apexification/apicoectomy
   - Crowns
   - Endodontic treatment for permanent teeth
   - Extractions/oral surgery
   - Gingivectomy
   - Periodontic therapy
   - Pulpotomy

D. Orthodontics
   - Limited to medically necessary treatment
   - Occlusal orthotic devices for clients age 12 through 20 with prior authorization.

E. Prosthodontics
   - Complete and overdentures
   - Denture repair, rebase or reline
   - Resin partial dentures

F. Teledentistry

G. Sedation
   - Nitrous oxide
   - General sedation
   - Conscious sedation
   - Office-based/mobile anesthesia; prior authorization required for clients age 9 through 20
10. Dental services and dentures (cont)

III. For clients age 5 and under and all clients age 20 and under based on the determination of medical necessity

A. In addition to the services described in section II, services include:
   - Preventive care: family oral health education
   - Treatment: interim therapeutic restorations (ITR)

B. Services must be furnished by a state licensed dentist or primary care provider who has completed an agency-approved training to provide these services.

C. Limitations do not apply for children age 20 and under for EPSDT purposes and may be exceeded based on documented medical necessity, with prior authorization.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

AMOUNT, DURATION, AND SCOPE OF SERVICES PROVIDED TO THE MEDICALLY NEEDY GROUP(S):

10. Dental services and dentures (cont)

III. For clients age 5 and under and all clients age 20 and under based on the determination of medical necessity

A. In addition to the services described in section II, services include:
   - Preventive care: family oral health education
   - Treatment: interim therapeutic restorations (ITR)

B. Services must be furnished by a dentist or primary care provider who has completed an agency-approved training to provide these services.

C. Limitations do not apply for children age 20 and under for EPSDT purposes and may be exceeded based on documented medical necessity, with prior authorization.
VI. Dental Services and Dentures

A. The Medicaid agency pays directly to the specific provider the lesser of the usual and customary charge or a fee based on an agency fee schedule for dentures and dental services that are provided within their specific scope of practice by dentists, dental hygienists, and denturists throughout the state. There are no geographical or other variations in the fee schedule.

B. The usual and customary charge is defined as that fee usually charged for a given service by an individual dentist, dental hygienist, or denturist to private patients (e.g., that provider’s usual fee) and which fee is within the range of usual fees charged by dentists, dental hygienists, or denturists of similar training and experience.

C. Except as otherwise noted in the plan, fee schedule rates are the same for both governmental and private providers of dentures, dental services and dental hygiene.

See 4.19-B I, General, #G for the agency’s website where the fee schedules are published.

The agency’s fee schedule rate was set as of January 1, 2019, and is effective for services provided on or after that date.

D. Under the Oral Health Connections pilot program, eligible dental providers are paid an enhanced rate to provide up to three additional periodontal treatments (for a total of four) per calendar year to adult Medicaid clients who have diabetes or who are pregnant. The Oral Health Connections pilot program is effective for dates of service from January 1, 2019, through December 31, 2021.

E. Eligible dental providers are paid an enhanced rate to provide additional dental services to eligible clients age 5 and under as described in Attachment 3.1-A and 3.1-B section 10.
