C. GENERAL REIMBURSEMENT POLICIES (cont.)

(d) Reduce preventable emergency room (ER) visits. Hospitals will develop and submit a plan to the agency addressing five sections of possible ER intervention, community partnerships, data reporting, strategic plan for prevention of visits, ER visit follow-up, and participation in continuing education. Each section may be approved or not approved by the agency. A hospital will be awarded 10 points for all five sections begin approved, five points for four sections, three points for three sections, no points for two sections or less. Psychiatric, rehabilitation, and cancer hospitals are not included in this measurement.

(e) Patient discharges with prescriptions for multiple antipsychotic medications. Documentation must appear in the medical record with appropriate justification for discharging the patient with two or more routine antipsychotic medication prescriptions. A hospital will be awarded 10 points for 31% or greater medical records with appropriate justifications, five points for 21-30%, three points for 11-20%, and no points for 10% or less. Hospitals that do not have behavioral health units are not included in this measurement.

For dates of admission July 1, 2014, and after, a quality incentive payment of “an additional one percent increase in inpatient hospital rates” will be added to inpatient hospital payments for all qualifying non-critical access hospital providers in accordance with Chapter 74.60 RCW.

Effective January 1, 2015, through June 30, 2018, the agency multiplies an in-state hospital’s specific conversion factor and per diem rates by 1.25 if the hospital meets all of the following criteria.

To qualify for the rate enhancement, the hospital must:
(a) Be certified by CMS as a sole community hospital as of January 1, 2013
(b) Have a level III adult trauma service designation from the Washington State Department of Health as of January 1, 2014
(c) Have less than one hundred fifty acute care licensed beds in fiscal year 2011
(d) Be owned and operated by the state or a political subdivision
(e) Not participate in the certified public expenditures (CPE) payment program defined in WAC 182-550-4650
(f) As of July 1, 2021, accept single bed certification patients under RCW 71.05.745

Effective July 1, 2018, through June 30, 2023, for hospitals that meet the above criteria for sole community hospitals, the agency multiplies an in-state hospital’s specific conversion factor and per diem rates by 1.50.
Effective July 1, 2023, the agency will revert to multiplying all qualifying sole community hospitals’ in-state hospital-specific conversion factor and per diem rates by 1.25.
