

Exhibit C – References

Provide two (2) references *each* from Table 1 and Table 2 in Exhibit D below. One reference from each table should have fewer than 50,000 employees and the other reference from each table should have more than 50,000 employees. If you do not serve a population of more than 50,000 employees, clearly indicate that is the case and provide a reference for your largest population and include the number of employees in that population.
