
Community Health Worker (CHW) Grant RFA No. 2022HCA24

Amendment No. 04

Date Issued: 9/16/2022

To: RFA Applicants

From: Lyudmila Kozlova, RFA Coordinator

Purpose: Additional RFA Posting Location &
Pre-Application Webinar PowerPoint Information

This amendment hereby modifies and is attached to RFA No. 2022HCA24. All other terms, conditions, and specifications remain unchanged.

The above referenced solicitation is amended as follows:

1. Section 1 Definitions, Primary Care Settings, is restated in its entirety as follows:

Primary Care Settings – References a setting that provides integrated comprehensive and continuously accessible health care services who are accountable for addressing a large majority of personal health care needs, including preventive services. Providers in primary care settings develop sustained partnerships with clients, and practice in the context of family and communities. A primary care setting is often considered the medical “home” for the child/youth and the primary care provider is the person who coordinates and oversees both preventive and illness/acute or more chronic care, would be the person to generate and manage any specialty or other referrals, and is a physician, nurse practitioner or physician assistant, although they most often work with a multidisciplinary team.
