

Personalized diabetes support

The SEBB Program's diabetes management program (DMP) powered by Omada offers personal support from a care team including a health coach and certified diabetes specialist.

Your health coach helps you build healthy routines and diabetes specialists provide medication education along with advice on how to best manage meals for glucose control.

You will receive a welcome kit as part of the program. It includes smart devices like a blood glucose meter with an ongoing supply of test strips and lancets and a smart scale.*

The DMP helps you

Lower A1C

Promote weight loss

Improve blood glucose control

Build healthy eating habits

Gain more energy

Reduce stress

Check if you're eligible:
omadahealth.com/wasebb

If you or your adult family members are living with diabetes and are enrolled in a Uniform Medical Plan (UMP) plan, your plan will cover the cost of the program. This may include a connected glucose meter with as many test strips as you need and a digital scale—all yours to keep. Call UMP Customer Service at 1-800-628-3481 (TRS: 711) for questions about the program eligibility requirements.

*Certain features and smart devices are only available if you meet program and clinical eligibility requirements.
