3/18 - 6/18																						

NOTES: Counts of screens from WISe screening data (BHAS). Counts of screens are not unduplicated; a child may have more than one screen in any time period. Counts of clients from administrative data (ProviderOne). Counts of clients are unduplicated; a child may be counted at most once in each time period at the state level. Due to data lag, service data not yet complete beyond December 2017.

NOTES: The most recent complete quarter of data for screen referral sources is 1/18-3/18. The most recent quarter of data for services in the 12 months before screen is 10/17-12/17. As such, time periods are defined differently for the upper and lower tables. Please note that due to the transition in DBHR data systems, the SUD services indicator may be incomplete for time periods past 3/16.

672 NOTES: The most recent complete quarter of data for screen referral sources is 1/18-3/18. The most recent quarter of data for services in the 12 months before screen is 10/17-12/17. As such, time periods are defined differently for the upper and lower tables. Please note that due to the transition in DBHR data systems, the SUD services indicator may be incomplete for time periods past 3/16.

NOTES: The most recent complete quarter of data for screen referral sources is 1/18-3/18. The most recent quarter of data for services in the 12 months before screen is 10/17-12/17. As such, time periods are defined differently for the upper and lower tables. Please note that due to the transition in DBHR data systems, the SUD services indicator may be incomplete for time periods past 3/16.
