

TO: Pharmacies

FROM: Apple Health (Medicaid)

SUBJECT: **Billing hepatitis C (HCV) medications for Apple Health clients**

All HCV medications are paid for by the fee-for-service (FFS) program. **Mavyret does not require prior authorization (PA).** All other HCV medications require PA. For coverage criteria please see the [Antivirals - Hepatitis C Treatment policy](#).

To bill FFS for an HCV medication prescribed to a client enrolled in an Apple Health Managed Care Plan, include a **“2” in the Claim Segment, Prior Authorization Type Code (461-EU) field.** All fee-for-service rules apply, including authorization requirements.

If a pharmacy claim for an HCV medication is billed to an Apple Health Managed Care Plan, you will receive the following rejection message:
