# LE MEETING FLOW & HOW TO PARTICIPATE

Every lived experience story and perspective is valuable. We see the vulnerability it takes to share your tender experiences. The meeting is divided into 2 segments:

**1) Part 1:** Presentations & discussions related to specific topics with time to interact w presenter. In this portion of the meeting, your questions/comments (in chat or by raised hand) need to be related to the topic being presented to honor everyone who attends, and the presenter. If side chats are actively distracting from the presentation, we will ask you to hold the discussion.

**2) Part 2:** Open discussion where we give your stories our full attention and respect. Remaining thoughts from presentations, and stories, comments, and questions not related to agenda topics are welcome during this portion.

# Community

# Supporting Individuals with Neurodiversity & Mental Health Conditions

Washington Health Care Authority (HCA) Foundational Community Supports team in partnership with Rutgers School of Psychiatric Rehabilitation and Counseling Professionals is presenting the March Cultural Responsiveness Learning Session.

## Webinar information

Date: March 18

Time: 3 p.m. - 4:30 p.m. (Pacific)

[Register here](#)

Over the past decade, the community of neurodiverse individuals has seen significant growth and greater visibility. Additionally, The Neurodiversity Pride movement has gained momentum alongside broader awareness and community inclusion. The March webinar will focus on effective strategies for supporting neurodiverse individuals with co-occurring mental health conditions (MHCs) through evidence-based-practices. Participants will explore practical approaches for fostering inclusive environments and best practices for affirming neurodiversity.

### Learning Objectives:

- Define and acknowledge neurodiversity as a component of human biological and cognitive diversity
- Examine best practices for behavioral health services providers when working with neurodiverse individuals
- Explore strategies for affirming neurodiversity and fostering a positive disability identity

# Substance Use Disorder family navigator training

Washington State Community Connectors (WSCC) and partners have developed a training to educate families about substance use disorder (SUD) and related treatment options across the state. This training is for parents, family members, and caregivers who are interested in learning how to support their loved ones with SUD. Participants will learn about up-to-date information around SUD, addiction and its effects on the adolescent brain, skills for families navigating their relationship with someone with SUD, and systems navigation.

This training is grounded in research and information supported by Substance Abuse and Mental Health Services (SAMHSA), including their training and technical assistance partners. A toolkit, including information and resources regarding SUD supports and services specific to Washington State, will be provided as a reference guide for participants.

## Training details

The training is split into 4 days. Attendance is required for all 4 days.

## 988 Bills

### **HB 1813: Concerning the reprocurement of medical assistance services, including the realignment of behavioral health crisis services for medicaid enrollees.**

Shifts responsibilities for facility-based behavioral health crisis services from Medicaid managed care organizations (MCOs) to behavioral health administrative services organizations (BHASOs).

- 

Directs the Health Care Authority (Authority) to conduct a reprocurement of Medicaid managed care contracts.

- 

Eliminates the requirement that MCOs contract with BHASOs for behavioral health crisis services and directs the Authority to establish new contracts with BHASOs for behavioral health crisis services beginning January 1, 2027.

## **HB 1811: Enhancing crisis response services through co-response integration and support.**

The University of Washington school of social work, in consultation with the authority, shall collaborate with a statewide organization focused on co-response outreach to develop a statewide internal peer support program designed to assist co-response professionals who have faced life-threatening or traumatic incidents that occur while on the job.

## **HB 1816: Concerning civilian-staffed crisis response teams.**

Allows certain cities to create and maintain a civilian-staffed crisis response team (CRT) to respond to certain emergencies.

Restricts collective bargaining and agreements between cities that create a CRT and law enforcement personnel.

Creates a public records exemption for personal information about individuals receiving services from a CRT.

**HB 1581/SB 5762: Increasing the statewide 988 behavioral health crisis response and suicide prevention line tax.**

# 988 Training Community of Practice

988 Crisis Counselor Training Development  
March 10, 2025

# 988 Training Community of Practice

DOH will meet with crisis center training supervisors and coordinators to co-develop the ideal 988 training program model.

**No Judgment.  
Just Help.**

**988** | SUICIDE & CRISIS  
LIFELINE

## Participating Crisis Centers

- Crisis Connections
- Frontier Behavioral Health
- Native & Strong Lifeline
- Volunteers of America

# 988 Training Program Model

This training model will create education alignment based on requirements, specific capabilities, competencies, and levels of knowledge appropriate for supporting help-seekers in Washington.

Requirements will align with

- Vibrant Network agreement
- Washington Legislation (RCW 71.24.890)
- Health Management Associates Training Needs Assessment.
- Other contracts

# State 988 Contract Training Requirements

- Follow the 988 Suicide & Crisis Lifeline requirements
- Participate in Training on following Washington's Tribal Crisis Coordination Protocols
- Participate in annual training in supporting communities with a higher suicide risk, including:
  - Veterans
  - Youth
  - LGBTQIA2S+ people
  - Communities of color
  - Agricultural communities
  - People with intellectual or developmental disabilities
  - American Indians and Alaska Natives

# What does this mean?

## Current State

- Centers have individual training curriculum
- Training emphasizes regional needs
- Variations of 911 diversion training
- Some gaps in training requirements

## Future State

- Consistent level of care on rollover calls from other regions
- Development of best practices
- Standard 911 diversion-centric training
- No training gaps

# Current Training Themes and Topics

- Active listening
  - Community resources
  - Crisis intervention
  - Cultural awareness
  - Lethal means
  - LGBTQIA2S+
  - Mental health
  - Safety planning
  - Secondary trauma
  - Suicide intervention
  - Substance use disorder
  - Third-party referrals
  - Trauma-informed care
  - Veterans
  - Vibrant 988 Lifeline training
- ★ All centers use observation and role play to embed practices taught in trainings.

# Current gaps in supporting Washington communities

## Agricultural

- Recent Legislation, HB1134 requires centers to include training specific to

Alaska Native and American Indian people  
-Incorporate 2S+ cultural training

People with Intellectual and Developmental Disabilities (IDD)

## Additional Training Needs

- Critical Thinking

# What topics would you like to see incorporated into the training model?

Consider:

- Previous experiences with contacting 988
- Previous experiences being transferred from 911 to 988 (warm transfer)
- Any other experiences that might provide insight on training needs for crisis counselors

988 Training Feedback

# Project Plan Overview & Updates

Strengths, Weaknesses, Opportunities, and Threats analysis

- Reviewed crisis center strengths, weaknesses, opportunities, and threats

Focus groups

- Allow crisis counselor to give feedback on current training
- Collaboration with Diversion
