Top priorities to advance BHI for kids

- 17 survey responses
 - Ranked options from 1-7
1. Payment for non-licensed staff to support care
 2. Start-up funding for first year
 3. Funding for currently non-billable BHI clinical services unique to children and families, e.g. family education and support groups; not including care coordination.
 4. Reducing onerous components of collaborative care billing and improving billing coverage to promote program sustainability.
