OCT 20 & 23

NOV 1

Shortlist of preliminary recommendations due

Preliminary recommendations presented to CYBHWG

Subgroups submit final recommendation

Subgroups present and vote on final recommendations

Submit statement of support

Overview of the prioritization process

Criteria used to evaluate the generated ideas:

- Emergent Consideration: This refers to the budding interest in the idea. This includes political interest as well as public/community interest.

- It has sufficient clarity & information to support recommendation development: This refers to the idea's development level and the amount of research or evidence that supports the idea.

- Political Support: This refers to the likelihood that policymakers and other decision-makers will support the idea.

Proposed Recommendations to Carry Forward

A REVIEW

Review of Mural

Group Discussions

Small groups 20m

Discussion prompts:

(1) Do you agree with the viability of these ideas and how they are charted?

Is there anything missing from the existing ideas and/or anything missing from the conversation as a whole?

(2) Based on the bullseye diagram, are you willing to support the ideas to be submitted to HCA as primary priorities?

Why and why not?

Link to shared notes document
