Breakout - Introductions

What is one thing you enjoy about fall?
Color Brave Space Norms  From Equity Matters Northwest

1. **Put Relationships First** – Work to build community and trust with an awareness of power dynamics.

2. **Keep Focused on Our Common Goal** – We care deeply about [insert your mission], especially those who are directly impacted by racism.

3. **Notice Power Dynamics in the Room** – Be aware of how you use your privilege: From taking up too much emotional and airtime space or disengaging.

4. **Create Spaces for Multiple Truths and Norms** – Speak your truth, and seek understanding of truths that differ from yours, with awareness of power dynamics.

5. **Be Kind & Brave** – Remember relationships first and work to be explicit with your language about race, class, gender, immigration, etc.

6. **Practice Examining Racially Biased Systems and Processes** – Individual actions are important, and systems are what are left after all the people in this room leave.

7. **Look for Learning** – Show what you’re learning, not what you already know. Avoid playing devil’s advocate, the devil has enough advocates.
Children and Youth Behavioral Health Work Group

**Vision:** Washington’s children, youth, and young adults have access to high-quality behavioral health care.

**Mission:** Identify barriers to and opportunities for accessing behavioral health services for children, youth and young adults and their families that are **accessible, effective, timely, culturally and linguistically relevant, supported by evidence, and incorporate tailored innovations as needed**; and to advise the Legislature on statewide behavioral health services and supports for this population.

**Important Elements of Work Group Charge:**

- Support unique needs of children and youth (prenatally through age 25), including promoting health, and social and emotional development in the context of children's family, community, and culture
- Develop and sustain system improvements to support the 15 behavioral health needs of children and youth

Our Final Recommendations

1. **Budget Request 1**: *(for CYBHWG legacy item)*: Change Medicaid policy to match best practices for mental health assessment and diagnosis of children birth through 5 years old.

2. **Budget Request 2**: Establish a complex needs fund to address the behavioral health challenges experienced by children ages 0-5 and their families so that children, families & providers can experience reduced bias and have immediate relief.

3. **Policy Request 1**: Ensure responsive and effective access to telehealth services.

4. **Support Request 1**: IECMH-C Preservation *(for CYBHWG legacy item)*: Support existing investments in infant and early childhood mental health consultation (IECMH-C) so that children in care experience reduced bias that leads to expulsions and suspensions.

5. **Support Request 2**: Prepare to remove clinical barriers and eliminate disparities in routine postpartum mood and anxiety screening.
Our Final Recommendations Reflect Our Focus

- Hear the voices of families
- Close health disparities for families of color
- Provide immediate relief for behavioral health needs for families, especially those who are most vulnerable
- Focus on the urgent needs of children ages 0-5, and their families, during this time of great potential and vulnerability
Overview of Fair Start for Kids Act Potential
Let’s celebrate! What would you say to a CYBHWG member about what these recommendations mean to you?

Let’s leverage our network! With which CYBHWG members do you have relationships?
Wrap Up

Articulate our next steps

1. Focus on advocacy in November

2. Submit recommendations

3. Plan for session

• Stay healthy
• Reach out to others → “Distant socializing”, not “social distancing”
• Support essential workers
• Keep moving the prenatal to 5 relational health systems forward!
