<u>Agenda Item & Lead(s)</u>	<u>Discussion</u>	<u>Action(s) to be taken by (whom and when)</u>
Welcome and Introductions Review Agenda	Lin Payton welcomed back to the committee in her role as Mental Health Program Manager, HCA	
Updates and announcements Children’s Mental Health workgroup – Joan Miller, Doug Crandall, Kathy Great LINC CMS Grant to Transform Clinical Practice BHAS Data review cycle - Kathy	The Children’s Mental Health workgroup started meeting in response to TR legislation and is now focused on access to mental health services across the continuum of care (HCA, DSHS). Representative Kagi calls it. Access is expected to be consistent and uniform across the state. No specific action steps yet. DOH grant, Links to INtegrate and Coordinate Services for Children with Mental Health Care Needs . Not specifically focused on behavioral health/ See attached for information First completed cycle of BHAS data review. RSN data reviews were subsequently revised by the DBHR Children’s team and QIC. Feedback to RSNs for next review cycle. All met deadlines.	Include this item regularly on monthly agendas.
Measures of Statewide Performance – An Introduction to the Foster Care “dashboard”	See attached.	This will be further developed and a final version shared with the committee by the end of the year.
Measures of Statewide Performance - Plans and progress on how behavioral health needs are related to physical health outcomes for children on Medicaid.	Conversation re how to measure physical health risks associated with behavioral health conditions. Suggested perhaps an index of medical risk scores might be better than trying to identify specific conditions.	
Next meeting <ul style="list-style-type: none"> • Date November 20 • Possible Agenda Items (send to Marquita Price) 	Marquita will start soliciting agenda items from the committee prior to each meeting to assure we cover all bases. Barb and Bridget will bring an update on the Measures of Statewide Performance and lead a discussion re issues related to behavioral health expansion. They may also bring updates on the foster care dashboard	

	and preliminary WISE dashboard.
