Next Statewide FYSPRT Meeting	
Thursday March 16, 2017 9:30am – 3 pm Blake Office Park West Lacey, WA	

Considerations and lessons learned from the cancellation of the February 6 meeting due to inclement weather. Includes feedback received from membership:

1. Prioritize safety when considering travel from your area and make the decision to travel or not based on the conditions and comfort level with traveling in winter weather. Notify the DBHR Statewide FYSPRT staffer, currently Kristen Royal at Kristen.royal@dshs.wa.gov if you/your region is unable to attend the meeting.
2. The Statewide FYSPRT Tri-Leads and DBHR will work together to make a decision about whether to cancel a meeting due to inclement weather and will send out notification of the cancellation the day before the meeting. The goal would be to make this decision by noon the day before the Statewide FYSPRT meeting is scheduled to occur.

Statewide FYSPRT Goals

1. Improving quality of life for youth and families by reviewing statewide performance and making recommendations through collaborative engagement of youth, families and system partners.
2. To support system improvements by enhancing strengths and eliciting challenges and barriers from the Regional FYSPRTs and state partners and develop collective recommendations to share with Statewide FYSPRT members, Regional FYSPRTs and/or Children’s Behavioral Health Executive Leadership Team that include youth, family and system partner voice.
