Racial or Ethnic Minority Children

as a Percentage of All Children Ages 0 to 17 by School District, 2017

Source: DSHS Research and Data Analysis Division

Community and family outcomes of substance use disorder prevention

- ▶ Community Prevention and Wellness Initiative (CPWI) communities were at higher risk, but they closed the gap.

Substance use disorder prevention school outcomes

- ▶ School outcomes **improved** in Community Prevention and Wellness Initiative (CPWI) communities from baseline to post-intervention time

School Outcomes ¹	CPWI - Cohort 1		
	2008	2016	Improved?
Adjusted 4-Year Cohort Graduation Rate	76%	83%	
Adjusted 4-Year Cohort Dropout Rate	14%	10%	
Adjusted 5-Year Cohort Graduation Rate	78%	85%	
Adjusted 5-Year Cohort Dropout Rate	19%	12%
