BI.1	Statewide Medicaid enrollment Enter the total number of individuals enrolled in Medicaid as of the first day of the last month of the reporting year. Include all FFS and managed care enrollees, and count each person only once, regardless of the delivery system(s) in which they are enrolled.	2,287,769
BI.2	Statewide Medicaid managed care enrollment Enter the total, unduplicated number of individuals enrolled in any type of Medicaid managed care as of the first day of the last month of the reporting year. Include enrollees in all programs, and count each person only once, even if they are enrolled in more than one managed care program or more than one managed care plan.	1,912,230

Section B: State-Level Indicators

Number	Indicator	Response
BIII.1	Data validation entity Select the state agency/division or contractor tasked with evaluating the validity of encounter data submitted by MCPs. Encounter data validation includes verifying the accuracy, completeness, timeliness, and/or consistency of encounter data records submitted to the state by Medicaid managed care plans. Validation steps may include pre-acceptance edits and post-acceptance analyses. See Glossary in Excel Workbook for more information.	State Medicaid agency staff Proprietary system(s)
BIII.2	HIPAA compliance of proprietary system(s) for encounter data validation Were the system(s) utilized fully HIPAA compliant? Select one.	Yes

Section B: State-Level Indicators

Number	Indicator	Response
BX.1	Payment risks between the state and plans Describe service-specific or other focused PI activities that the state conducted during the past year in this managed care program. Examples include analyses focused on use of long-term services and supports (LTSS) or prescription drugs or activities that focused on specific payment issues to identify, address, and prevent fraud, waste or abuse. Consider data analytics, reviews of under/overutilization, and other activities.	Light therapy with diagnosis other than psoriasis; Directive for Timed Psychotherapy/Counseling CPT codes; OIG referral for pharmacy claims written by excluded providers; Tech Assist on Q3014 telemedicine distant site; MC/FFS duplicate audit; MLR audit with focus on reporting of values for lines 1.9, 1.10 & 1.11; Payment of Delivery Case Rate (DCR) for clients with comparable third-party coverage; Timed CPT Code Review/Paid Claims; Claims Paid Timely Audit; TPL – MCO Performance/Recovery/Reporting.
BX.2	Contract standard for overpayments Does the state allow plans to retain overpayments, require the return of overpayments, or has established a hybrid system? Select one.	Allow plans to retain overpayments
BX.3	Location of contract provision stating overpayment standard Describe where the overpayment standard in the previous indicator is located in plan contracts, as required by 42 CFR 438.608(d)(1)(i).	Section 12 (12.1, 12.4 & 12.5) for overpayments made by the plans to their network providers
BX.4	Description of overpayment contract standard Briefly describe the overpayment standard (for example, details on whether the state allows plans to retain overpayments, requires the plans to return overpayments, or administers a hybrid system) selected in indicator B.X.2.	Plans are allowed to keep overpayments recovered from their network providers. The plans must report the identification and recovery of overpayments to the state and must recover identified overpayments within 60 days. The state may assess liquidated damages if the plans fail to identify and recover overpayments as required.

BX.5	State overpayment reporting monitoring Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting? The regulations at 438.604(a)(7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment pieces (whether annually or promptly). This indicator is asking the state how it monitors that reporting.	The state requires the plans to report all program integrity activities on a monthly deliverable that includes audit detail, encounter detail, identified and recovered overpayment amounts. The state reviews and validates overpayment recoveries against submitted encounter data and meets with the plans quarterly to discuss their program integrity performance and clarify any discrepancies between reported program integrity activities and submitted encounter data. In addition, the plans are required to submit an annual report of program integrity activities that rolls up and reports identified and recovered overpayments and cost avoidance amounts for the prior calendar year.
BX.6	Changes in beneficiary circumstances Describe how the state ensures timely and accurate reconciliation of enrollment files between the state and plans to ensure appropriate payments for enrollees experiencing a change in status (e.g., incarcerated, deceased, switching plans).	The state issues the 834 Benefit and Enrollment Maintenance report to each MCO every day to ensure eligibility files are up-to-date. In addition, the files are audited each month to ensure enrollment files are accurate. The state also requires the plans to report demographic changes through MC-Track using the Newborn Payment Assistance Request Form (NB PARF) for newborn retro-enrollment and the Payment Assistance Request Form (PARF) for all other payment and enrollment inquiries to include but not limited to Service Base Enhancements (DCR, WISe, etc.), regular premium payments and other demographic changes that may impact eligibility (DOD, out-of-state address, etc.).
BX.7a	Changes in provider circumstances: Monitoring plans Does the state monitor whether plans report provider “for cause” terminations in a timely manner under 42 CFR 438.608(a)(4)? Select one.	Yes
BX.7b	Changes in provider circumstances: Metrics	No

Does the state use a metric or indicator to assess plan reporting performance? Select one.

BX.8a	Federal database checks: Excluded person or entities During the state's federal database checks, did the state find any person or entity excluded? Select one. Consistent with the requirements at 42 CFR 455.436 and 438.602, the State must confirm the identity and determine the exclusion status of the MCO, PIHP, PAHP, PCCM or PCCM entity, any subcontractor, as well as any person with an ownership or control interest, or who is an agent or managing employee of the MCO, PIHP, PAHP, PCCM or PCCM entity through routine checks of Federal databases.	No
BX.9a	Website posting of 5 percent or more ownership control Does the state post on its website the names of individuals and entities with 5% or more ownership or control interest in MCOs, PIHPs, PAHPs, PCCMs and PCCM entities and subcontractors? Refer to §455.104 and required by 42 CFR 438.602(g)(3).	Yes
BX.9b	Website posting of 5 percent or more ownership control: Link What is the link to the website? Refer to 42 CFR 602(g)(3).	https://www.hca.wa.gov/about-hca/other-administrative-activities/audits-and-reporting
BX.10	Periodic audits If the state conducted any audits during the contract year to determine the accuracy, truthfulness, and completeness of the encounter and financial data submitted by the	https://www.hca.wa.gov/about-hca/other-administrative-activities/audits-and-reporting NOTE: Dispute resolution was completed with all plans in early 2022.

plans, what is the link(s) to the audit results? Refer to 42 CFR 438.602(e).

Section C: Program-Level Indicators

Number	Indicator	Response
C11.1	Program contract Enter the title and date of the contract between the state and plans participating in the managed care program.	, Apple Health Integrated Managed Care (IMC 01/01/2022), Apple Health Integrated Managed Care (IMC) behavioral health services wrap around (01/01/2022)
	N/A	01/01/2022
C11.2	Contract URL Provide the hyperlink to the model contract or landing page for executed contracts for the program reported in this program.	https://www.hca.wa.gov/billers-providers-partners/program-information-providers/model-managed-care-contracts
C11.3	Program type What is the type of MCPs that contract with the state to provide the services covered under the program? Select one.	Managed Care Organization (MCO)
C11.4a	Special program benefits Are any of the four special benefit types covered by the managed care program: (1) behavioral health, (2) long-term services and supports, (3) dental, and (4) transportation, or (5) none of the above? Select one or more. Only list the benefit type if it is a covered service as specified in a contract between the state and managed care plans participating in the program. Benefits available to eligible program enrollees via fee-for-service should not be listed here.	Behavioral health
C11.4b	Variation in special benefits What are any variations in the availability of special benefits within the program (e.g. by service area or population)? Enter "N/A" if not applicable.	Value added benefits

C11.5	Program enrollment Enter the total number of individuals enrolled in the managed care program as of the first day of the last month of the reporting year.	1,912,230
C11.6	Changes to enrollment or benefits Briefly explain any major changes to the population enrolled in or benefits provided by the managed care program during the reporting year.	Washington extended coverage for postpartum individuals from 60 days to 12 months. This added four additional eligibility categories that are eligible for managed care.

Section C: Program-Level Indicators

Number	Indicator	Response
C1III.1	Uses of encounter data For what purposes does the state use encounter data collected from managed care plans (MCPs)? Select one or more. Federal regulations require that states, through their contracts with MCPs, collect and maintain sufficient enrollee encounter data to identify the provider who delivers any item(s) or service(s) to enrollees (42 CFR 438.242(c)(1)).	Rate setting Quality/performance measurement Monitoring and reporting Contract oversight Program integrity Policy making and decision support
C1III.2	Criteria/measures to evaluate MCP performance What types of measures are used by the state to evaluate managed care plan performance in encounter data submission and correction? Select one or more. Federal regulations also require that states validate that submitted enrollee encounter data they receive is a complete and accurate representation of the services provided to enrollees under the contract between the state and the MCO, PIHP, or PAHP. 42 CFR 438.242(d).	Timeliness of initial data submissions Timeliness of data corrections Timeliness of data certifications Use of correct file formats Provider ID field complete Overall data accuracy (as determined through data validation)
C1III.3	Encounter data performance criteria contract language Provide reference(s) to the contract section(s) that describe the criteria by which managed care plan performance on encounter data submission and correction will be measured. Use contract section references, not page numbers.	Section 5.15-5.15.9
C1III.4	Financial penalties contract language Provide reference(s) to the contract section(s) that	5.25

describes any financial penalties the state may impose on plans for the types of failures to meet encounter data submission and quality standards. Use contract section references, not page numbers.

C1III.5	Incentives for encounter data quality	N/A
----------------	--	-----

Describe the types of incentives that may be awarded to managed care plans for encounter data quality. Reply with "N/A" if the plan does not use incentives to award encounter data quality.

C1III.6	Barriers to collecting/validating encounter data	N/A
----------------	---	-----

Describe any barriers to collecting and/or validating managed care plan encounter data that the state has experienced during the reporting period.

Section C: Program-Level Indicators

Number	Indicator	Response
C1IV.1	State's definition of "critical incident," as used for reporting purposes in its MLTSS program If this report is being completed for a managed care program that covers LTSS, what is the definition that the state uses for "critical incidents" within the managed care program? Respond with "N/A" if the managed care program does not cover LTSS.	N/A
C1IV.2	State definition of "timely" resolution for standard appeals Provide the state's definition of timely resolution for standard appeals in the managed care program. Per 42 CFR §438.408(b)(2), states must establish a timeframe for timely resolution of standard appeals that is no longer than 30 calendar days from the day the MCO, PIHP or PAHP receives the appeal.	IMC Contract Subsection 13.3.10.1: For standard resolution of Appeals and for Appeals for termination, suspension, or reduction of previously authorized services a decision must be made within fourteen (14) calendar days after receipt of the Appeal, unless the Contractor notifies the Enrollee that an extension is necessary to complete the Appeal; however, the extension cannot delay the decision beyond twenty-eight (28) calendar days of the request for Appeal. For any extension not requested by an Enrollee, the Contractor shall resolve the Appeal as expeditiously as the Enrollee's health condition requires and no later than the date the extension expires.
C1IV.3	State definition of "timely" resolution for expedited appeals Provide the state's definition of timely resolution for expedited appeals in the managed care program. Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the MCO, PIHP or PAHP receives the appeal.	IMC Contract Subsection 13.4.3.1: For expedited resolution of appeals or appeals of mental health drug authorization decisions, including notice to the affected parties, the Contractor shall make a decision within seventy-two (72) hours after the Contractor receives the appeal. The Contractor shall also make reasonable efforts to provide oral notice of the decision.

C1IV.4 State definition of "timely" resolution for grievances

Provide the state's definition of timely resolution for grievances in the managed care program.

Per 42 CFR §438.408(b)(1), states must establish a timeframe for timely resolution of grievances that is no longer than 90 calendar days from the day the MCO, PIHP or PAHP receives the grievance.

IMC Contract Subsection 13.2.6: The Contractor shall complete the resolution of a Grievance and notice to the affected parties as expeditiously as the Enrollee's health condition requires, but no later than forty-five (45) calendar days from receipt of the Grievance. The Contractor may extend the timeframe for processing a grievance by up to fourteen (14) calendar days if the Enrollee requests the extension. For any extension not requested by an Enrollee, the Contractor must document that there is need for additional information and that the delay is in the Enrollee's best interest and give the Enrollee prompt oral notice of the delay.

Section C: Program-Level Indicators

Network Adequacy

Number	Indicator	Response
C1V.1	Gaps/challenges in network adequacy What are the state's biggest challenges? Describe any challenges MCPs have maintaining adequate networks and meeting standards.	The biggest challenges in maintaining adequate networks are workforce shortages, including in rural areas where certain types of providers are not prevalent. This can result in exceptions.
C1V.2	State response to gaps in network adequacy How does the state work with MCPs to address gaps in network adequacy?	If gaps in the network are caused by a lack of providers or workforce shortages which are unlikely to be resolved, the need for an exception for that county is explored. To date this has happened in a limited capacity and has affected only specialty providers. Most often, the state will research gaps in network adequacy and work with the MCP to resolve via additional contracting in the area: data error resolution; and/or corrective action plans with monetary penalties when issues require escalation.

Access Measures

Describe the measures the state uses to monitor availability, accessibility, and network adequacy. Report at the program level.

Revisions to the Medicaid managed care regulations in 2016 and 2020 built on existing requirements that managed care plans maintain provider networks sufficient to ensure adequate access to covered services by: (1) requiring states to develop quantitative network adequacy standards for at least eight specified provider types if covered under the contract, and to make these standards available online; (2) strengthening network adequacy monitoring requirements; and (3) addressing the needs of people with long-term care service needs (42 CFR 438.66; 42 CFR 438.68).

42 CFR 438.66(e) specifies that the MCPAR must provide information on and an assessment of the availability and accessibility of covered services within the MCO, PHIP, or PAHP contracts, including network adequacy standards for each managed care program.

C1IX.1	BSS website List the website(s) and/or email address that beneficiaries use to seek assistance from the BSS through electronic means. Separate entries with commas.	https://www.hca.wa.gov/about-hca/contact-hca , https://www.wahealthplanfinder.org , https://www.wahealthplanfinder.org/us/en/tools-and-resources/connect-with-us/virtual-help-details.html
C1IX.2	BSS auxiliary aids and services How do BSS entities offer services in a manner that is accessible to all beneficiaries who need their services, including beneficiaries with disabilities, as required by 42 CFR 438.71(b)(2)? CFR 438.71 requires that the beneficiary support system be accessible in multiple ways including phone, Internet, in-person, and via auxiliary aids and services when requested.	Washington Healthplanfinder (Health Benefit Exchange) and Washington State Health Care Authority: • Provide free aids and services to people with disabilities to communicate effectively, such as: - o Qualified sign language interpreters - o Written information in other formats (large print, audio, accessible electronic formats, other formats) • Provide free language services to people whose primary language is not English, such as: - o Qualified interpreters - o Information written in other languages Washington Healthplanfinder provides customers the option to search and partner with a Broker or Navigator based on the assister's service language. C1IX.3	BSS LTSS program data	N/A
	How do BSS entities assist the state with identifying, remediating, and resolving systemic issues based on a review of LTSS program data such as grievances and appeals or critical incident data? Refer to 42 CFR 438.71(d)(4).	
C1IX.4	State evaluation of BSS entity performance	
	What are steps taken by the state to evaluate the quality, effectiveness, and efficiency of the BSS entities' performance?	The Exchange partners with Navigators and Brokers to perform outreach and enrollment activities. The Exchange supports quality, effectiveness, and efficiency through metrics such as monthly enrollment reports and KPIs. Navigators: • Lead Organizations send monthly enrollment and outreach reports to the Exchange. • Quality, effectiveness, and efficiency is measured by the key performance indicators (KPIs): - o Complete outreach plan and report delivered monthly - o Monthly outreach activities reach attendance limit - o Favorable support and responsiveness ratings from Navigators they support during the yearly Navigator Survey - o Navigator background checks are completed timely every two years - o Navigators pass certification quizzes within the first three attempts - o Partner Organization subcontracts (MOUs) are executed and submitted to the Exchange timely - o Minimum standards of Qualified Health Plan re-enrollment of customers partnered with a Navigator Brokers: • Brokers must sign a Washington Health Benefit Exchange Producer Participation Agreement confirming: - o They will comply with all Exchange policies and procedures including but not limited to those relate to enrollment solicitation, submission of applications, and sales requirements. - o They will comply with all applicable federal and state laws and

regulations, including those governing data protection, confidentiality, and conflicts of interest, and to abide by all rules, regulations, policies, and procedures established by the Exchange, including, but not limited to, required training, annual update training, and Exchange privacy and security standards.

- Brokers must present a Scope of Appointment form to prospective customers prior to all sales presentations.
- o The Exchange requires Brokers to document the scope of the marketing appointment to ensure consumers understand what will be discussed between the Broker and the consumer (or their authorized representative).
- o Forms are to be maintained by the producer and made available upon the request of the Exchange.

Brokers and Navigators:

- Assistors are required to certify with the Exchange to access Washington Healthplanfinder.
- Assistors complete initial onboarding training and security and privacy training annually.
- Navigators also must complete a job shadow requirement.
- Brokers are required to complete a re-certification training plan and Navigators are required to complete quarterly training to retain their Washington Healthplanfinder access.
- Training provided helps keep assistors informed of systems, process, regulations, and updates to the Washington Healthplanfinder application.
- Assistors complete a User Access Agreement when onboarding and during their yearly security refresh training.

Appeals Overview

Number	Indicator	Response
D1IV.1	Appeals resolved (at the plan level) Enter the total number of appeals resolved as of the first day of the last month of the reporting year. An appeal is "resolved" at the plan level when the plan has issued a decision, regardless of whether the decision was wholly or partially favorable or adverse to the beneficiary, and regardless of whether the beneficiary (or the beneficiary's representative) chooses to file a request for a State Fair Hearing or External Medical Review. Number of critical incidents filed during the reporting period by (or on behalf of) an LTSS user who previously filed an appeal

For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting period by (or on behalf of) LTSS users who previously filed appeals in the reporting year. If the managed care plan does not cover LTSS, enter "N/A". Also, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, enter "N/A". The appeal and critical incident do not have to have been "related" to the same issue - they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in relation to delivery of LTSS — they may have been filed for any reason, related to any service received (or desired) by an LTSS user. To calculate this number, states or managed care plans should first identify the LTSS users for whom
