Except where otherwise noted, % refers to % of women with Medicaid-Paid Births. 'Other Managed Care' includes Basic Health, The Washington Medicaid Integration Project (managed care for SSI or SSI-related Medicaid clients in Snohomish County who are 21 years of age or older), Native Health Primary Care Case Mgmt (PCCM), and the GAU Managed Care Pilot (King and Pierce). As of 2014, records do not include out-of-state deliveries to Washington residents because birth certificates for states other than Washington were not available for record linkage.

### Managed Care Enrollment Status for Washington Women with Medicaid-Paid Births, 1993-2015

Except where otherwise noted, % refers to % of women with Medicaid-Paid Births. A small number of women who were undocumented based on eligibility received managed care services. Therefore, the number of undocumented FFS may be slightly smaller than the overall number of undocumented women reported elsewhere. Women were defined as Medicaid cases if they had either Medicaid-paid maternity care or at least three months of capitated payments in the six months prior to delivery. Low income pregnant women enrolled in Basic Health Plan who meet Medicaid eligibility guidelines are transferred into Medicaid for prenatal and postpartum care. 'Other Managed Care' includes Basic Health, The Washington Medicaid Integration Project (managed care for SSI or SSI-related Medicaid clients in Snohomish County who are 21 years of age or older), Native Health Primary Care Case Mgmt (PCCM), and the GAU Managed Care Pilot (King and Pierce). As of 2014, records do not include out-of-state deliveries to Washington residents because birth certificates for states other than Washington were not available for record linkage.
