Medicaid eligibility status is based on eligibility history at the time of delivery.

Percentages (%) refer to the percent of total women giving birth.

As of 2014, records do not include out-of-state deliveries to Washington residents because birth certificates for states other than Washington were not available for record linkage.

State total includes 32 women for whom residence ACH could not be determined

Eligibility Status for Washington Women With Medicaid-Paid Maternity Care for 2020 Deliveries

As of 2014, records do not include out-of-state deliveries to WA residents because birth certificates for states other than WA were not available for record linkage.
