

P&T Motion History Second Generation Antipsychotics

Drugs reviewed	Motion	Date reviewed	Surveillance accepted as adequate	Reiteration of prior motion	Decision
aripiprazole asenapine lurasidone olanzapine paliperidone quetiapine risperidone	<p>Use in children</p> <p>After considering the evidence of safety, efficacy and special populations for the treatment of schizophrenia and bipolar disorder in children with Autism Spectrum Disorder (ASD) or disruptive behavior disorders, I move that aripiprazole, asenapine, lurasidone, olanzapine, paliperidone, quetiapine, and risperidone are efficacious for their approved FDA indications and should be preferred on the Washington Preferred Drug List. Second Generation Antipsychotics cannot be subject to therapeutic interchange in the Washington preferred drug list. The preferred drug list should include at least one medication that is considered safe in pregnancy.</p> <p>Motion: Buccola 2nd: Corsilles</p>	June 15, 2022	Yes Buccola Schwilke	No	Passed unanimous
<p>Oral drugs:</p> aripiprazole Abilify MyCite Kit asenapine brexpiprazole cariprazine clozapine iloperidone	<p>Oral drugs</p> <p>After considering the evidence of safety, efficacy and special populations for the treatment of schizophrenia and bipolar disorder in adults and children, major depressive disorder in adults, and children and adolescents with Autism Spectrum Disorder (ASD) or disruptive behavior disorders, I move that aripiprazole, asenapine, brexpiprazole,</p>	December 18, 2019	Yes Flatebo Park	No	Passed unanimous
