A woman was considered a smoker if the birth certificate indicated that the number of cigarettes smoked per day during any trimester of pregnancy was greater than zero. As of 2014, records do not include out-of-state deliveries to Washington residents because birth certificates for states other than Washington were not available for record linkage.
Smoking Status during Pregnancy for All Washington Women with 2017 Births

As of 2014, records do not include out-of-state deliveries to WA residents because birth certificates for states other than WA were not available for record linkage.
