

## Universal Health Care Commission Meeting Chat

June 16, 2022

3:00 p.m. – 5:00 p.m.

Time	From	CHAT
16:27:48	Commission Member, Joan Altman	Will add that we have seen the benefit of benefit standardization in the Exchange as well.
16:29:05	Kathleen Randall	In terms of Elig. and Ben. One State: One package!
16:32:04	Kathleen Randall	In terms of Registration into the system: Patients could be registered into the State plan as they seek care. The Doctor's Office staff can assist patients with a simple registration into a universal system. No levels of coverage, no option for discrimination!
16:33:26	Aruna Bhuta	Healthcare providers not accepting medicaid rate and so limiting access to care/delays
16:35:07	Kathleen Randall	Providers are licensed and all care they prescribe should be paid for. One exception could be cosmetic care for self-enhancement not medical necessity!
16:35:17	Nathan Rodke	Totally agree with Vicki
16:35:48	Commission Member, Jane Beyer	<a href="https://khn.org/news/article/diagnosis-debt-investigation-100-million-americans-hidden-medical-debt/">https://khn.org/news/article/diagnosis-debt-investigation-100-million-americans-hidden-medical-debt/</a>
16:37:56	Kathleen Randall	If people are seeking care inappropriately, they need behavioral referrals for anxiety disorders not to be ignored as nuisance patients.
16:46:06	Kathleen Randall	In terms of Provider compensation, I like the Public Health Model. Maybe we need to purchase those practices and small clinics and contract with them annually.
16:50:18	Aruna Bhuta	What can we learn from original Medicare
17:01:02	Commission Member, Rep. Joe Schmick	I need to run to the next commitment
17:02:43	Commission Member, Dr. Karen Johnson	I need to leave now to travel to a 5:30 pm meeting with an agency leader. Thank you, Vicki, and everyone for this incredibly discussion.-Dr. J-Office of Equity
17:02:57	Commission Chair, Vicki Lowe	Safe travels!
