

## Get your free discount card today

The Northwest Prescription Drug Consortium offers a prescription drug discount card program created by the Oregon and Washington state legislatures. Any Oregon or Washington resident can join the program. There are no age or income restrictions.

### Why should I use it?

You will receive a 10 to 80 percent discount, depending on the drug. The greatest discount is on generic medications. Present the card to a participating pharmacy, along with your prescription, to receive the discount. Mail-order pharmacy is also available.

If you have insurance coverage, you can use the discount card or your insurance benefit, whichever saves you more money. You cannot use both to purchase the same prescription. You can use the discount card during a deductible period or for drugs your insurance does not cover.

Products eligible for a discount include all prescription medications and select over-the-counter (OTC) products, such as diabetic supplies and insulin, with a prescription.
