# Transformation through Accountable Communities of Health

# Transformation Framework

*High-level overview of the Medicaid Transformation investment areas.*

## **Health Systems Capacity Building**

- Financial sustainability
- Workforce
- Systems for population health management

## **Care Delivery Redesign**

- Bi-directional integration of care
- Care coordination
- Care transitions
- Diversion Interventions

## **Prevention and Health Promotion**

- Chronic disease prevention and/or management
- Maternal and child health
- Oral health access
- Opioid use

# Project Toolkit Elements

- **Project:** Includes key strategies and activities.
- **Rationale** for the proposed project includes evidence base and reasoning behind the project.
- **Objectives and outcomes** of the project includes the project-specific goals and expected project outcomes.
- **Core components**, or key project elements, to guide development and implementation.
- **Metrics** required for the project; participating providers will earn incentive payments based on performance on the project metrics.

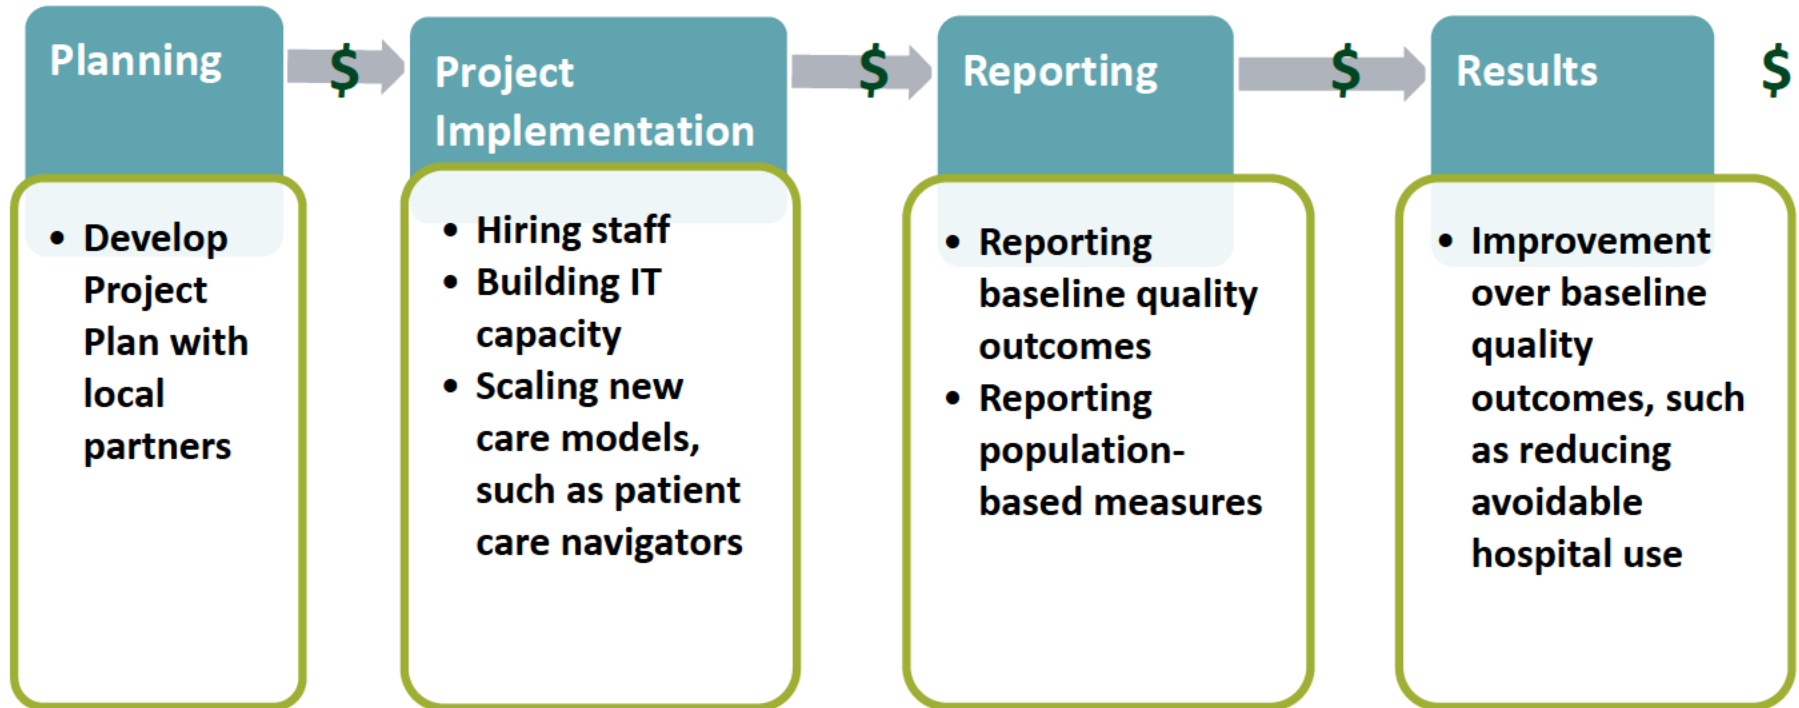

# DSRIP

- Delivery System Reform Incentive Payments
  - Funds are tied to meeting performance metrics
  - Not grants!
  - More information on DSRIP programs:  
<http://kff.org/medicaid/issue-brief/an-overview-of-delivery-system-reform-incentive-payment-waivers/>

# Examples of Incentive Payment Milestones

Types of milestones and system-level improvements hypothetically eligible for incentive-based payments.

Initially, payments focus on more process oriented changes; focus later shifts to more outcome-based measures.

# Tribal Involvement in Projects

- Tribal participation in Accountable Communities of Health
  - Tribes may participate in their local ACHs, which will develop and implement transformation projects
- Tribal-specific projects
  - Specifics remain under development
  - Tribal input needed

## Project Toolkit – Next steps

- Currently in development
- Tribes will have opportunity to review draft concepts
- Will be finalized after STCs are approved

# Discussion

## Tribal input

- Do the domains identified in the Transformation Project Framework address tribal specific needs?
  - If not, what needs to be included in the framework for tribal specific projects?
