Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$125/individual, \$375/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care , hearing aids, sterilization, tobacco cessation, prescription drugs designated as preventive on the UMP Preferred Drug List, vision hardware, and primary care services are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . But a copayment or coinsurance may apply to some services, for example deductible and cost sharing may be applied on lab or radiology services during a preventive care visit. See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	Medical: \$2,000/individual, \$4,000/family Prescription drugs : \$2,000/individual (no family limit)	The out-of-pocket limit is the most you could pay in a year for covered services. For medical, if you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Medical: Premiums , balance billing charges, prescription drug costs, member co-insurance paid to out-of-network providers , health care this plan doesn't cover, and services that exceed plan limits or maximums. Prescription drugs : Medical services, premiums , noncovered drugs, balance billing charges, amounts paid by the plan , amounts exceeding the allowed amount for drugs, and costs paid for	Even though you pay these services, they don't count toward the out-of-pocket limit .

	other family members' drugs and products.	
Will you pay less if you use a network provider ?	Yes. See www.hca.wa.gov/ump or call 1-888-849-3681 (TTY: 711) for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
