

UMP Preferred Drug List Changes (applies to UMP Classic, UMP CDHP, and UMP Plus)

Below is a list of anticipated changes to medications on the UMP Preferred Drug List (PDL). The list below does not contain every anticipated change to the UMP PDL. It only contains changes **that may negatively impact members**, such as increasing a drug's cost or limiting the amount of medication available per refill. We have made every effort to include every anticipated change that may negatively affect members in the list below. However, events such as the release of new generic drugs could result in more changes to the UMP PDL. Visit www.hca.wa.gov/ump/find-drugs to find a link to the UMP PDL for the most up-to-date information.

The list of anticipated changes applies to members enrolled in UMP Classic, UMP CDHP, and UMP Plus. Tier changes are not applicable to UMP CDHP. UMP CDHP members pay 15% coinsurance for all drugs not considered preventive at network pharmacies after meeting their deductible, including the drugs listed below.

For questions, please contact Washington State Rx Customer Service at 1-888-361-1611 (TRS:711).

Drug name	Current status	Effective 8/1/2018	Less expensive alternative(s)*
Tier changes			
Sumatriptan Nasal Spray	Tier 1	Tier 2 (High Cost Generic)	Sumatriptan tablets Rizatriptan tablets Naratriptan tablets

***Less expensive alternative(s):** This column shows some less expensive alternative(s). Drugs listed in this column may not include every available less expensive alternative. Please contact Washington State Rx Services, your pharmacist, or your prescriber for a complete list.
