| Are there services covered before you meet your deductible? | Yes. Covered preventive care , hearing aids, sterilization, tobacco cessation, covered prescription drugs on the UMP Preferred Drug List , and most primary care services are covered before you meet your deductible | This plan covers some items and services even if you haven't yet met the deductible amount. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . But a copayment or coinsurance may apply to some services. For example, deductible and cost sharing may be applied on lab or radiology services during a preventive care visit. See a list of covered preventive services at healthcare.gov/coverage/preventive-care-benefits . |

If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit? | Medical: Premiums , balance billing charges, prescription drug costs, member coinsurance paid to out-of-network providers , health care this plan doesn't cover, amounts paid by the plan, and services that exceed plan limits or maximums Prescription drugs : Medical services, premiums , noncovered drugs, balance billing charges, amounts paid by the plan , amounts exceeding the | Even though you pay these costs, they don't count toward the out-of-pocket limit . |
